

microtech GmbH electronic Teltow

Chip resistors - Made in Germany

ISO 9001:2015 ISO 14001:2015

Contact variants - Thin film

All components, depending on specifications, are produced to customer request in any of the following contact variants.

Lead-free galvanic standard contact:

- Electroplated pure tin contact

Non magnetic galvanic contact:

- Contact system without electroplated Ni-Barrier (low rest permeability)

microtech GmbH electronic Teltow Chip resistors - Made in Germany

ISO 9001:2015 ISO 14001:2015

Epoxy bondable contact:

- Tin-free sputtered contact for mounting with conductive adhesives

Revision: 01-May-19

5

ISO 9001:2015 ISO 14001:2015

microtech GmbH electronic Teltow Chip resistors - Made in Germany

Contact variants – Thick film

All components, depending on specifications, are produced to customer request in any of the following contact variants.

Lead-free galvanic standard contact:

- Electroplated pure tin contact

Non magnetic galvanic contact:

Contact system without electroplated Ni-Barrier (low rest permeability)

Revision: 01-May-19

microtech GmbH electronic Teltow Chip resistors - Made in Germany

ISO 9001:2015 ISO 14001:2015

Epoxy bondable contact:

- Tin-free sputtered contact for mounting with conductive adhesives

Corrosive gas resistant contact:

- Contact system with increased resistance against sulfonamide processes

ISO 9001:2015 ISO 14001:2015

microtech GmbH electronic Teltow Chip resistors - Made in Germany

Contact variants - Automotive variant - Thin film:

- Lead free, electroplated pure tin contact

Contact variants - Automotive variant - Thick film:

- Lead free, electroplated pure tin contact

Revision: 01-May-19
